

## OPEN TOP MT SERIES DOLLIES

[close](#)

- Engineered to deliver load capacities up to 1000 lbs.
- These new dollies are uniquely designed to deliver superior performance year after year.

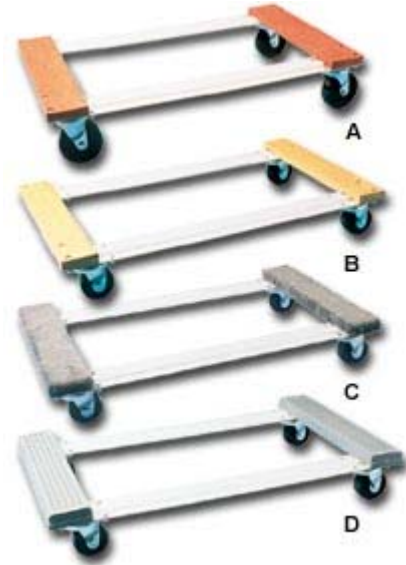

Features gray epoxy powder coated side members of formed steel for greater strength and 1" raised end members. FOB Shipping Point.

**A) HMT24-1830** - has solid, high density polypropylene/polyethylene raised end members and combined with gray epoxy powder coated side members creates a completely weatherproof and corrosive resistant dolly.

**B) HMT25-1830** - has oak raised end members.

**C) HMT26-1830** - features carpet covered oak raised end members to protect against scratching.

**D) HMT27-1830** - includes rubber capped oak raised end members to help prevent loads from sliding or being scratched.
