

MECHANICAL DRUM SNATCHER

[close](#)

- Move one or two steel ringed barrels at one time.

Never leave the fork lift -- just slide the forks into the fork tube openings, secure the safety chain, and it's ready to work. Unique knuckle gripping system lets the driver simply approach the drum, lower the Drum Snatcher down around it, and lift. Made of thick steel that delivers capacities up to 1200 lbs. Ships UPS. FOB Shipping Point.
