

⚡ ROTO-LIFT COUNTERWEIGHT STYLE

[close](#)

- Perfect for drum handling applications where minimal leg clearance is required.

The counterweighted ROTO-Lift offers the same drum handling capabilities as the **ROTO-Lift Straddle Style**, thanks to counterweighted design and slightly larger wheels for easier maneuverability. Dual counterweight holders add stability by evenly distributing 34 - 13.5 steel plates. Front wheels are 5" poly and the rear wheels are 4" swivel. Available in battery powered (battery included) or manual powered lifting and rotating. 4"L legs. FOB Shipping Point.
