 OAK HAND TRUCKS

[close](#)

- These reliable trucks are built for steady year in, year out performance.
- Bolted-on wooden handles are popular in cold climates and absorb vibration from rough travel.

Full length steel frame front and back of wood handles provide long, trouble-free service. Steel cross bars for added strength...fit flush with wood surfaces. Steel legs eliminate damage to handles and add stability under heavy loads. Extra wide bottom crossbar acts as a wheel guard. Welded nose iron is replaceable. Bolted construction absorbs impacts and simplifies parts replacement. Wood parts are replaceable. Rolls on heavy duty rubber mold-on wheels. Steel components feature green epoxy powder-coated finish. FOB Shipping Point.

**A) General Purpose Truck**...Ideal for handling small lot merchandise, including round objects in stores, warehouses or plants. Lightweight and easy to handle.

**B) Warehouse Truck**...Perfect for easy handling of cartons or crates in stores, warehouses, freight terminals, etc.

**C) Barrel Truck**...Four curved cross bars easily handle barrels and drums as well as cartons, boxes and crates.

**D) Steel Frame General Purpose**...A combination of the most popular features in a small to medium size handtruck. Ideal for stores, warehouses and plants. Features robotic welded steel frame. Rectangular tubing frame uprights. Recessed straight cross bars. Replaceable wooden handle in slots.
