Rugged 16-Gauge Steel Construction High-Capacity, Flexible Interior Storage

Rugged 10-Gauge Latching Hasp stops pry bars and cutting tools. Padlock is hidden and protected inside the hasp. Only key entry surface is exposed.

Industrial-Grade Hasp reaches a full 4" to align and draw the sides together. Long hasp provides leverage to easily close the cabinet rough or uneven surfaces.

- **360° Wide Rain Gutter** on the left side channels moisture around the opening. When closed, the wide rain gutter fits in right side to channel moisture around the opening on both sides.
- **Moveable Top And Bottom Heavy-Duty Shelves** can be raised, lowered or removed for taller spaces.
- **Storage Locker** to secure expensive tools or private papers when cabinet is open. Shelf for binders.
- **Open Storage Closet** for tools with long handles and taller equipment. Three hooks for hanging items.
- **High Center Handles** for easily opening, closing or moving cabinet.
- **Hinge Stops** prevent the cabinet from fully opening and reduce the potential of it tipping over.
- **Eight 4" Heavy-Duty Casters** to easily move, open or close cabinet. Three swiveling casters and a fixed, lockable caster per side.
