

ROLLING WORK BENCHES

Heavily-Reinforced Steel Construction

Rolling Work Benches

High Capacity, Fully Adjustable Interior For Maximum Storage Flexibility And Convenience

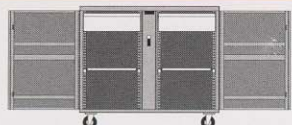

- Fully adjustable drawer and shelf interior with four drawer sizes available. Tough powder paint finish.
- Convenient high capacity storage for small items in 3" deep built-in door shelves.
- Rugged 14-gauge steel 3/8" hinges are staked and welded for maximum strength and security.
- High-capacity 18-gauge steel drawers with heavy-duty ball bearing glides.
- Casters include two fixed casters and two lockable swiveling casters.

Fully Adjustable Interiors

- Arrange the drawers and shelves in the interior to match your storage requirements. Additional drawers and shelves can be purchased.
- Cabinets have 25 notches on each interior side wall to support shelves or drawers. To determine the combination of shelves and drawers that can be used, use the chart below. The sum of the notches used must be 25 or less.

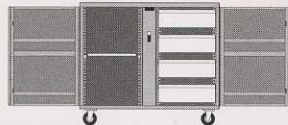

Item	Notches
Shelf	2
2 1/2" deep Drawer	3
4 1/2" deep Drawer	5
5 1/2" deep Drawer	6
10" deep Drawer	10
