

⚡ BIG WHEEL PALLET JACK

- **Big wheels use less pushing or pulling force when moving heavy loads.**
- **An alternative to fork trucks.**

Makes it easier to move loaded tubs weighing up to 4500 lbs. Raised height of 15" enables the jack to service high bottom tubs. 5-3/8" lowered height. For tubs, containers, open bottom pallets and skids only - No closed bottom pallets. Overall fork size: 26-3/4"W. x 51-1/2"L. FOB Shipping Point.
