

WIRE DECKS

close

- **With flared Channels for all beams.**

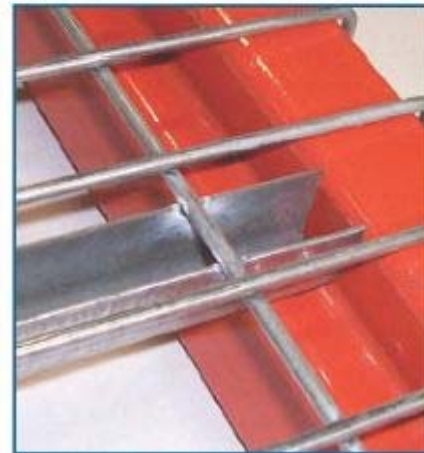

These universal decks have 3 flared-end support channels. Flared ends rest on top of beams so as to fit all beam types. 2500 lbs. capacity - evenly distributed load. FOB Shipping Point.

Wire Decks

- **With channels that fit in step-down beams.**

Decks have standard channels that fit into the step-down ledges of pallet rack beams. Channels are cut less than the frame depth and are 1-5/8" high. Load capacities are based on evenly distributed loads.

IMPORTANT: MANY MUNICIPALITIES ENFORCE FIRE CODES THAT REQUIRE 50% OPEN SHELF AREA.
