

Stair Climbing Forklift

Stair Climbing Forklifts have side frames made from the same tough tempered aluminum alloy as the Escalera Stair Climber. In addition they have steel lift frames, with 28 inch long forks, for raising loads up to 54 inches - high enough to load or unload a semi truck! All Forklifts have a 1200 pound maximum capacity

Stair Climbing Forklifts are available in several different models:

- **MLA-HC Powered Stair Climbing Forklift** with *hand operated winch* for raising and lowering the forks. Reg.\$2,399.00 **Sale Price \$2,039.00**
- **MLA-EW Powered Stair Climbing Forklift** with *battery operated winch* for raising and lowering the forks. \$2,799.00 **Sale Price \$2,379.00**
- **RLA-HC Powered Stair Climbing Forklift** with *hand operated winch* and Removable Lift Attachment. \$2,399.00 **Sale Price \$2,039.00**
- **RLA-EW Powered Stair Climbing Forklift** with *battery operated winch* and Removable Lift Attachment. \$2,799.00 **Sale Price \$2,379.00**

*Every hand truck ships with one RW-1 auto-rewinding safety strap. Powered stair climbing hand trucks also include a sealed gel-cell battery and automatic battery charger.
