

LARGE WHEEL TRAILER

- Collect and move multiple loads.
- Provides an efficient way to transport crates, boxes, parts, supplies, safely and easily.

Front and rear running gears are designed to pivot with the draw bar as a single unit... each trailer will steer in the tracks of the lead trailer. Pull several trailers yet remain fully maneuverable in narrow aisles and around tight corners. Heavy duty 14 ga. steel deck stands up to hard use and heavy loads.... reinforced by heavy gauge steel channel sections. Rugged shock absorber on each axle dampens vibration, allowing towing speeds of 5 mph... perfect for delicate loads. Equipped with a steel draw bar and tow ring...pin and clevis hitch with a 3/4" dia. pin. FOB Shipping Point.
